

## **Attorneys in Your Classroom**

*The Fresno County Bar Association in conjunction with the Fresno County Civic Learning Partnership have formed a speakers' bureau and are offering its services to schools throughout Fresno County. Attorneys are available to come to your school to address students on a wide variety of legal matters. Currently we have over 100 attorneys signed up. Here is a partial list of the topics on which they are prepared to speak:*

*Business, Bankruptcy  
Civil Rights  
Conflict Resolution  
Constitutional Law  
Criminal Law  
Education Law*

*Election Law  
Employment  
Family Law  
Immigrant Issues  
Judicial System*

*Juvenile Justice  
Legal History  
Litigation  
Political Institutions  
State/Local Government*

*While the above is wide-ranging, with over 100 persons signed up we are certain that we can find someone to speak on your particular legal topic if it is not on the above list. Also if you are holding a Career Day we could provide someone to speak about legal careers.*

*The Fresno County Bar believes it is vital for students to get a solid appreciation for the structure of our government and the legal institutions that form its foundation.*

*We can provide speakers for individual classes, general assemblies or anything in between. At this point what we mostly need is for the schools to let us know what we can do to serve their educational mission.*

*If you have interest in having one or more speakers come to your campus please contact Mike Wilhelm at Walter Wilhelm Bauer – 490-0950 or [mwilhelm@W2BLaw.com](mailto:mwilhelm@W2BLaw.com).*
